Today, it has grown in size to merit a beautiful multi-use facility and remains a neighborhood center for community faith and inclusion.

The congregation has made outstanding contributions to the County and continues to stand as a role model for community organizations and groups. Burgundy Farm Country Day School provides a unique educational experience to students in pre-kindergarten through eighth grade, and parent and family participation remains a vital component of the school's philosophy. The faculty and staff at the school work to ensure that children are engaged, challenged, and supported, recognizing that students are individuals who learn and grow at their own pace.

Situated closely to forests, ponds, and streams, Burgundy Farm Country Day School uses the natural world as a classroom; students have the opportunity to participate in hands-on science projects in the great outdoors or visit the 500-acre Burgundy Center for Wildlife Studies in West Virginia. With students representing many different backgrounds, Burgundy Farm Country Day School celebrates cultural diversity and helps students achieve their fullest potential. 24. **DRUG ABUSE INITIATIVES** (11:12 a.m.)

Supervisor Herrity noted that heroin and prescription drug abuse is a problem in the County. In Virginia, more people die from heroin overdoses than car crashes each year.

Supervisor Herrity pointed out that the Unified Prevention Coalition of Fairfax County, the DEA and Fairfax County partners are hosting "*Operation: Medicine Cabinet Cleanout*" on Saturday, April 30 from 8 a.m. until 2 p.m. Any person may drop off any unused or expired medications at any County Police Station where the disposal is free, confidential, and safe. This will prevent prescription medications from falling into the wrong hands; 70 percent of those that abuse prescription drugs obtain them from a relative or a friend, typically without their knowledge.

Supervisor Herrity announced his Heroin and Prescription Drug Abuse Town Hall meeting will be held on Tuesday, May 3 at 7:30 p.m., in the Board Auditorium of the Government Center. The purpose of this Town Hall is to raise awareness of the dangers of heroin and prescription drug abuse, discuss the steps being taken to address the crisis, and the practical steps that can be taken to reduce the growing epidemic by citizens and their families.

Supervisor Herrity asked unanimous consent that the Board direct the Office of Public Affairs to publicize both of these events to the community and the press, and to post information about the initiatives on the County's website along with educational messages on the dangers of prescription drug and heroin use. Without objection, it was so ordered.

25. **WESTERN FAIRFAX TEEN JOB FAIR AND RESUME BUILDING WORKSHOP** (11:16 a.m.)

Supervisor Herrity said that last month his office, along with the Greater Springfield Chamber of Commerce and the West Springfield High School SGA, hosted a Teen Job Fair. The event focused on students and younger job seekers looking for all types of employment opportunities: full-time, after-school, seasonal positions, internship opportunities, and volunteer positions. Over 400 students attended and over 30 employers met with prospective job seekers.

Supervisor Herrity announced that this month, he is again teaming up with the Dulles Regional Chamber of Commerce and Chantilly Academy to host the Western Fairfax Teen Job Fair and Resume Building Workshop. The Job Fair will take place on Saturday, April 23 from 11 a.m. until 2 p.m. in the cafeteria of Chantilly High School. It is open to all teens in the County looking for employment.

26. **BUDGET CONSIDERATION ITEMS** (11:17 a.m.)

Allocation of \$1 million for Cost of 2016 Presidential Election

Supervisor Herrity said that at the April 1, 2016, Budget Committee meeting of the Board, the County Executive and Chief Financial Officer presented their recommendations during the Third Quarter review. For spending adjustments, it was recommended by the County Executive that \$100,000 be allocated to each of the ten Board Member's offices for small capital projects within each district. This amounts to a total of \$1 million.

Consideration Item: Supervisor Herrity asked that this non-recurring funding be used instead to fund the non-recurring additional cost associated with the November 2016 Presidential election. This would free up the \$1.0 million in the Fiscal Year (FY) 2017 budget.

Budget Guidance-Pension System Review

Supervisor Herrity summarized his written Board Matter regarding the County's pension system. He said that in 2010 he asked for a review of pensions and the Board undertook a study that concluded that State law precluded us from moving away from a defined benefit plan. Last year, the Board undertook a study and adopted a salary plan for employees. He expressed his belief that it is time that the Board review the retirement and pension plans. He also noted that the review

would be for new employees only with existing employees perhaps being offered a buyout option.

Proposed Budget Guidance Language: Supervisor Herrity asked that the County Executive be directed to provide the Board with an analysis of the retirement programs and options on making them more sustainable. Options could include raising the retirement age for new employees, increasing the rule of 85 for new employees, reviewing the sustainability of the social security offset, and the ratio between employer and employee premiums. The County Executive would also be directed to provide the Board with a review of changes to the Commonwealth's retirement plans and provide a recommendation whether the Board should consider an optional or hybrid defined contribution program for future employees. The County Executive should report to the Board on these matters prior to the November 2016 budget meeting.

Budget Guidance-Joint Budget Development Committee

Supervisor Herrity said that it is clear from the County Executive and the FCPS Superintendent the County faces budget challenges in FY 2018. Leading up to the development of the FY 2016 budget, the Chairmen of the respective boards had formed a Joint Budget Development Committee.

Proposed Budget Guidance Language: Supervisor Herrity said that in an effort to address the identified shortfalls in the FY 2018 budget, a joint task force between the Board of Supervisors and School Board should be established expeditiously to explore opportunities for partnership, opportunities for service consolidation, and explore areas ideas identified by the Joint Budget Development Committee. These could include feasibility of combining central service departments such as legal services, human resources, facilities, purchasing, information technology, et cetera.

Supervisor L. Smyth asked unanimous consent that the Board direct staff to review the Deferred Retirement Option Program (DROP), specifically the three-year-term and the interest rate accrued.

Following discussion, regarding the work of the Joint Budget Development Committee and the need for a clear mission statement if the group was to reconvene, without objection, it was so ordered.

Supervisor Hudgins asked unanimous consent that the Board direct staff to circulate to the Board the previous study done regarding pensions review. Without objection, it was so ordered.

This year, the nationwide theme is "Blazed Trail" focusing on the ways older adults are reinventing themselves.

Therefore, Supervisor Herrity asked unanimous consent that the Board:

- Designate May as "*Older Americans Month*," in Fairfax County
- Direct staff to invite representatives from the Commission on Aging, the Area Agency on Aging, the Long Term Care Coordinating Council, and other agencies and appropriate groups to appear before the Board in April to receive a proclamation

Without objection, it was so ordered.

28. **REQUEST TO PROCLAIM “TEACHER APPRECIATION WEEK” IN FAIRFAX COUNTY** (11:29 a.m.)

Supervisor Herrity said that County schools are consistently ranked as some of the best in the nation. This is due, in no small part, to the many outstanding teachers that work tirelessly with children to set them on a path of excellence towards college and/or the workforce.

Therefore, Supervisor Herrity asked unanimous consent that the Board:

Supervisor L. Smyth announced that she had no Board Matters to present today.

Supervisor Gross said that she received an email indicating that the budget passed by the General Assembly and awaiting signature of the Governor does not include funding for all of the 11 authorized judgeships in the General District Court for the 19th Judicial District. She noted that this action will raise the per judge cases in Fairfax County General District Court from 18 percent to 30 percent.

Supervisor Gross asked unanimous consent that the Board submit comments to the Governor in support of funding for the 11 authorized judgeships in the 19th Judicial District.

Supervisor Cook asked to amend the request that the Board direct the Legislative staff to draft a letter for Board review this afternoon, and this was accepted.

Without objection, the request, as amended, was so ordered.

(NOTE: Later in the meeting action was taken on this item. See Clerk's Summary Item #56.)

33. **POSSIBLE EXPANSION OF THE BOUNDARIES OF THE LANGLEY FORK HISTORIC DISTRICT (DRANESVILLE DISTRICT)** (11:34 a.m.)

Supervisor Foust noted that the Langley Fork Historic Overlay District was created in 1980 to preserve and protect the mixture of uses that have historically characterized Langley Fork, the name given to the area formed by the intersection of two roads now known as Georgetown Pike and Dolley Madison Boulevard. The Langley name in this area has persisted since the eighteenth-century grant of land given to Thomas Lee who named the area for the ancestral estate "Langley" in England.

Supervisor Foust said that six structures form the nucleus of the Langley historic district: the Langley Ordinary, the Langley Toll House, Gunnell's Chapel, the Langley Friends Meeting House, the Mackall House and Hickory Hill.

Adjacent to the historic district is the Mackall-Hall House, which is listed on the County's History Commission's Inventory of Historic Sites. Built ca. 1890, it was the home of John W. Hall, the first postmaster of Langley. Ms. Cynthia Richardson, who has lived in the house for 55 years, has requested that her home, and the vacant lot adjacent to it, be included in the historic district.

Revisions to the boundaries of a Historic Overlay District are permitted under Section 18-201 of the Zoning Ordinance and require a number of actions, such as a report, a Board-rezoning application and an amendment to the Comprehensive Plan.

Supervisor Foust explained that when Mr. and Mrs. Mackall bought the property in the 1960s, they made a commitment to be responsible stewards of an historic property. They protected many of the character-defining features of the property while raising their nine children.

Supervisor Foust expressed his belief that it is appropriate for the County to consider expanding the boundaries of the Langley Fork Historic Overlay District to include the Mackall-Hall house and possibly the vacant lot adjacent to the house.

Therefore, Supervisor Foust moved that the Board direct staff to:

- Research the two parcels relative to their appropriateness for inclusion in the Historic District, prepare the written report as

required by the Zoning Ordinance, and ensure that the resultant report is coordinated with all appropriate Boards, Authorities, and Commissions

- Evaluate an amendment to the Comprehensive Plan for the map and text changes that may result from this process
- Initiate a Board's own rezoning to adjust the boundaries of the district, if such is recommended by the report

Supervisor L. Smyth seconded the motion and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

34. **RECOGNIZING THE LANGLEY HIGH SCHOOL MODEL UNITED NATIONS (MUN) CLUB (DRANESVILLE DISTRICT)** (11:37 a.m.)

Supervisor Foust recognized and commended the achievements of the Langley High School MUN. This club has grown in membership from 15 students in 2007 to over 100 students today due to the commitment and excitement of the students and sponsors.

Supervisor Foust explained that MUN is an educational simulation and academic competition in which students can learn about diplomacy, international relations, and the United Nations. MUN involves and teaches researching, public speaking, debating, and writing skills in addition to critical thinking, teamwork, and leadership abilities.

Participants in Model UN conferences, known as delegates, are placed in committees and assigned countries, or occasionally other organizations or political figures, where they represent members of that body. They are presented with their assignments in advance, along with a topic or topics that their committee will discuss. Delegates conduct research before conferences and formulate positions that they will then debate with their fellow delegates in the committee, staying true to the actual position of the member they represent. At the end of a conference, the best-performing delegates in each committee, as well as delegations, are sometimes recognized with awards.

During the past three years, team members have competed against other national and international high schools at the University of Virginia, The College of William and Mary, the University of Pennsylvania, and Duke University. Not only have the students represented their school with the highest level of commendable behavior but they have earned prestigious awards for their pre-conference papers and their presentation skills on topics as varied as the political stability of the Mideast, international water shortages, women's issues, and the successors in Game of Thrones.

This past January, the team competed against more than 3000 other high school students from over 10 countries and earned the Best Large Delegation Award,

which represented individually-earned verbal commendations, honorable mentions, outstanding delegate and best delegate awards for 26 of the 40 Langley students.

More recently at a competition at Duke University, 39 of 50 team members earned awards.

Therefore, Supervisor Foust asked unanimous consent that the Board direct staff to invite members of the Langley High School Model United Nations Club, their sponsors, other school officials and parents to appear before the Board at its May 17 meeting to be recognized for their outstanding achievements. Without objection, it was so ordered.

35. **INTRODUCTION OF NEW STAFF MEMBER (MOUNT VERNON DISTRICT)** (11:40 a.m.)

Supervisor Storck introduced Allison Miessler a new staff member in his office and the Board warmly welcomed her to the Board Auditorium.

36. **AIRCRAFT NOISE IN MOUNT VERNON** (11:41 a.m.)

Supervisor Storck said that over ten years ago now State Senator Favola pushed the Federal Aviation Administration (FAA) and the Metropolitan Washington Airports Authority (MWAA) to adopt a regulation that required aircraft to fly ten nautical miles south of the airport before they turned toward their destination. Last year, without any input from local communities, the FAA adopted a new program called NextGen, a computer program designed to optimize flight routes nationwide. The effect of this has been that flights now turn after the Woodrow Wilson Bridge over Mount Vernon neighborhoods. He noted that the noise is deafening and unrelenting. The Chairman and former Supervisor Hyland appointed community members to meet with the FAA and MWAA to try and find a solution. To date, the discussions have been about informing community groups about the adverse change and not about solving the problem.

The Villamay Community Association is beginning a door to door signature drive to try and push the Congressional delegation to take action on this matter. The previous rule worked for many years and should be implemented again.

Therefore, Supervisor Storck moved that the Board:

- Authorize the Chairman, on behalf of the Board, to send a letter to the MWAA and the Congressional delegation expressing the Board's concern about the adverse impact on residential communities
- Direct the County Executive and the Office of Legislative Relations to assist with this endeavor

Supervisor McKay and Chairman Bulova jointly seconded the motion.

Supervisor Foust and Supervisor Hudgins asked to amend the motion to include similar concerns at Dulles Airport, and this was accepted.

Discussion ensued regarding:

- Sharing information with the Metropolitan Washington Council of Governments (COG)
- Impacts of changing flight patterns on zoning and land use patterns that are established
- Extending an invitation to MWAA to brief the Board at a Transportation Committee meeting

The question was called on the motion, as amended, and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

37.

REQUEST FOR THE DEVELOPMENT PROCESS COMMITTEE TO DISCUSS AND ESTABLISH MINIMUM REQUIREMENTS FOR HOME CHILD CARE (11:55 a.m.)

In a joint Board Matter with Supervisor McKay, Supervisor Storck said that over the last three months, they have heard the Board question staff and applicants, who seek permission to operate home day cares in planned development communities, about the character, location, and operations of these home businesses. The Board retained the review of home day care applications because the innovative designs and layouts of newer communities, many of which encourage the preservation of open space, provide a mix of uses, unit types, and lot sizes may have an unintended negative impact to home day care uses. He noted that Supervisor McKay, in particular, has raised many valid concerns that relate to the size of the units, the adequacy of location and ownership of outdoor play areas, parking and traffic circulation patterns, zoning and code compliance and fire safety. He added that having a safe learning environment is essential to academic achievement.

Supervisor Storck said that he does not want to impede other business owners from opening and operating a business that has the positive externality of allowing residents to have economic stability and rich, rewarding careers, benefits and great services to parents and community. Having heard the concerns raised by County residents and the Board's discussions about the number of children in smaller sized units, Supervisor Storck expressed the belief that it would be prudent for this Board to discuss what the current minimum statutory standards are and whether the Board should adopt additional minimum standards to ensure the safety of children in the County.

Therefore, Supervisor Storck and Supervisor McKay jointly moved that the Board add an agenda item regarding home child care standards to an upcoming Development Process Committee meeting. Supervisor McKay seconded the motion.

Supervisor Herrity asked unanimous consent that the Board direct staff to report with information regarding whether there has been a loss of licensed day care providers in the County since implementation of the additional standards and requirements. Without objection, it was so ordered.

Discussion ensued regarding:

- Regulations for home based day care
- Change in State regulations
- Measures to address community concerns
- Zoning and land use issues versus health and safety issues

The question was called on the motion and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

38. **REQUEST TO WAIVE FEES FOR JR LAND, LLC, 8050 MIMS STREET, DUE TO A 64-YEAR-OLD MAPPING ERROR** (12:10 p.m.)

Supervisor Storck said that JR Land, LLC, is the titled owner of a parcel of property in the Mount Vernon District, which is located at 8050 Mims Street and shown on Tax Map Number 113-2 ((1)) 1 parcel 18 (part). Rezoning Application 877 was approved on July 16, 1952, to rezone this property from agricultural to industrial use. Although the application was intended to rezone the entire site to the I-6 District, a small strip of the site was erroneously mapped and designated as zoned to the R-1 District. The Board approved a zoning map with this erroneous residential designation in 1959 and again in 1978. After consultation with the County Attorney's Office and Department of Planning and Zoning staff about this matter, Supervisor Storck expressed his belief that good cause exists pursuant to Zoning Ordinance Section 18-106 to waive the fees associated with the filing of an application to correct this mapping error.

Accordingly, Supervisor Storck moved to waive the application fees for the rezoning application submitted by JR Land, LLC, to correct a mapping error at 8050 Mims Street, Tax Map No. 113-2 ((1)) 1 parcel 18 (part). This motion should not, of course, be construed as a favorable recommendation for this rezoning application or any other future zoning application for this property. Chairman Bulova seconded the motion and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

39. **RE-INSTITUTION OF SPECIAL EXCEPTION APPLICATION SE 2011-MV-006 (MOUNT VERNON DISTRICT)** (12:11 p.m.)

Supervisor Storck referenced his written Board Matter and noted that on April 21, 2011, the Board held a public hearing on SE 2011-MV-006 and on February 28, 2012, indefinitely deferred its decision on the application.

Therefore, Supervisor Storck moved that the Board direct the Planning Commission to conduct a public hearing on Special Exception Application SE 2011-MV-006 and report its recommendation to the Board and thereafter that the Clerk set a public hearing before the Board on this application. This motion should not, of course, be construed as a favorable recommendation for this rezoning application or any other future zoning application for this property. Supervisor Herrity seconded the motion and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

40. **CONSENT TO FILING OF A FINAL DEVELOPMENT PLAN AMENDMENT (FDPA) AND COMPREHENSIVE SIGN PLAN (CSP) (MOUNT VERNON DISTRICT)** (12:13 p.m.)

Supervisor Storck referenced his written Board Matter and noted that this is a request for the Board's consent to the filing of a FDPA and CSP on Board owned property within the Laurel Hill Adaptive Reuse project which was approved pursuant to Rezoning/Final Development Plan Applications RZ/FDP 2012-MV-008. Specifically, the Board owned properties are Tax Map Numbers 107-1((9)) A, E, F, G, H, and J.

The redevelopment is a public private partnership between the County and its development partners, Elm Street Development and the Alexander Company. The project also involves historic tax credits that required architectural review and approval from the National Park Service (NPS) and the Virginia Department of Historic Resources. Finally, the project requires review and approval by the County's Architectural Review Board (ARB) pursuant to the Memorandum of Agreement, which was entered into when the County acquired the property from the Federal government.

Subsequent to approval of Rezoning/Final Development Plan Applications RZ/FDP 2012-MV-008, the County's development partners obtained approval of a site plan for Phase 1 of the project. The property was then subdivided, and a portion was conveyed to Laurel Hill Development I, Incorporated, the development entity affiliated with Elm Street Development. Approval was also obtained from the NPS, the Virginia Department of Historic Resources, and the ARB for the proposed townhouse architecture.

The proposed FDPA is necessary to reconcile the setbacks in the approved FDP governing the property with the architecture approved by the ARB, the NPS, and the Virginia Department of Historic Resources.

Additionally, a CSP is proposed for the entire Laurel Hill Adaptive Reuse project to provide signage appropriate for a large mixed-use project spanning 78 acres.

Therefore, Supervisor Storck moved that the Board, as owner in fee simple of Tax Map References 107-1((9)) A, E, F, G, H, and J:

- Consent to the filing of a FDPA and CSP by Laurel Hill Development I, Incorporated, the development entity affiliated with Elm Street Development
- Waive all County fees associated with the FDPA

This motion should not be construed as a favorable recommendation for this rezoning application or any other future zoning application for this property. Supervisor McKay seconded the motion.

Supervisor Cook asked unanimous consent that the Board direct staff to report with information on fee waivers and how the process works. Following input, from David P. Bobzien, County Attorney, without objection, the request was so ordered.

The question was called on the motion and it carried by a vote of nine, Supervisor K. Smith not yet having arrived.

41. **INTRODUCTION OF A NEW STAFF MEMBER IN THE CHAIRMAN'S OFFICE** (12:15 p.m.)

Chairman Bulova introduced Ms. Sara Girello, a new staff member in her office, and the Board warmly welcomed her to the Board Auditorium.

42. **FAIRFAX CONNECTOR RECOGNITION FOR SMARTBENEFITS PLUS 50 PROGRAM** (12:15 p.m.)

Supervisor Hudgins said that Washington Metropolitan Area Transit Authority (WMATA) recognized the Department of Transportation (DOT) for its SmartBenefits "Plus 50" incentive program for employers based in the County. SmartBenefits "Plus50" program offers employees a free \$50 SmarTrip® card just to try transit. This program is part of the successful SmartBenefits partnership with WMATA.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct DOT staff associated with the SmartBenefits "Plus 50" program to appear before the Board to receive its congratulations. Without objection, it was so ordered.

43. **MS. LAURA GREENSPAN LEAVING THE CLOSET (HUNTER MILL DISTRICT)** (12:16 p.m.)

In a joint Board Matter with Supervisor Foust, Supervisor Hudgins announced that Ms. Laura Greenspan is leaving The Closet a non-profit organization that serves the community.

Much of what The Closet does so well can be attributed to Laura Greenspan, President of its Management Council.

Therefore, Supervisor Hudgins asked unanimous consent that the Board recognize the contributions and achievements of Ms. Greenspan with a certificate to be presented to her on April 13, at an appreciation luncheon in her honor, at the First Baptist Church of Herndon. Without objection, it was so ordered.

44. **STUDENT PEACE AWARD HONOREES** (12:17 p.m.)

In a joint Board Matter with the Board, Supervisor Hudgins said that Student Peace Awards of Fairfax County began in 2006.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct staff to provide a Certificate of Appreciation to each of the Student Peace Award winners as listed in her written Board Matter for distribution at the Peace Council meeting on May 15, 2016. Without objection, it was so ordered.

45. **RESTON FOUNDER'S DAY 2016** (12:18 p.m.)

Supervisor Hudgins announced that this week is Founder's Day week. She noted that the calendar contained in her written Board Matter listed the events taking place this week in recognition of the contributions made by Mr. Bob Simon.

Supervisor Hudgins invited Board Members to join the community in the April 3-10 events that will celebrate Mr. Simon's vision, his love of the arts, and the impact of his bold venture on land use that are realized not just in Reston but also across the US.

46. **HUNTER MILL DISTRICT OPEN HOUSE** (12:19 p.m.)
